## Get the tools you need from leading practitioners and industry experts to defend against claims, reduce your economic losses and limit your exposure to liability.

With slashed budgets, inadequate resources and heavier workloads, it is more critical than ever that you get the latest information you need to limit liability and reduce your risks of exposure to costly lawsuits.

Be prepared to respond effectively to critical liability issues by getting the most comprehensive coverage, all in just one day.

This conference is your “one-stop” venue to meet your needs of getting up-to-date on the core issues.

Learn how to:

- Meet the demands in road and highway liability
- Successfully forge a defense against negligent inspections claims
- Protect against breach of privacy and information loss claims
- Mitigate the risks of environmental liability
- Limit claims against police officers
- Reduce the risks of exposure to joint and several liability claims

### Municipal World CANADA'S MUNICIPAL MAGAZINE

Since 1891, **Municipal World** magazine has been the best source for information, news, views, case summaries and trends in the Canadian municipal forum. Published 12 times a year, the magazine is targeted at elected and appointed officials, engineers, public boards and committees, lawyers, consultants and manufacturers. **Municipal World** provides up to date information in this fast changing environment, including public private partnerships, economic development, municipal finance, technology and coming events. [www.municipalworld.com](http://www.municipalworld.com).

The **International Municipal Lawyers Association (IMLA)** is a non-profit organization dedicated to advancing the interests and education of local government lawyers. IMLA has been an advocate and resource for local government attorneys since 1935.

IMLA serves as an international clearinghouse of legal information and furthers cooperation in municipal legal matters.

IMLA champions the development of fair and realistic legal solutions, and assists members on the vast and cutting edge legal issues facing local government lawyers today.

Our successful CLE Events, expansive network of legal professionals, and our local government specific information channels make IMLA the essential organization for any advancing local government attorney.

## POST-EVENT TARGETED LEARNING SESSIONS • WEDNESDAY, FEBRUARY 6, 2013

*\*Benefit from this unique opportunity to ask specific questions about your claims! Submit your questions by February 1 to [k.bergeron@canadianinstitute.com](mailto:k.bergeron@canadianinstitute.com)*

### A 10:00 a.m. to 12:00 p.m. (Registration opens at 9:30 a.m.) **Practical Guide to Build a Solid Road Liability Claim**

Van Krkachovski  
Partner, McCague Peacock Borlack McInnis & Lloyd LLP

*Road claims monopolize an important part of resources for municipalities that are already faced with restrictive budgets. These types of claims represent a challenge faced by all municipalities looking to reduce their operational costs and insurance premiums. This practical session will give you the tools you need to create a solid claim in order to reduce costs and defend against claims in a more efficient manner.*

- How to effectively analyze a claim: Are there exemptions set at your disposal?
- Step-by-step guidelines to build successful arguments against complaints for the maintenance of roads and sidewalks
- Innovative and creative strategies to apply the legal defenses available in the *Municipal Act*
- How to defend in cases where there are no provisions established such as: bad weather, storm, traffic
- Guidance to navigate and manage expectations of large damage awards related to the “deep-pocket” syndrome

Lunch will be served for delegates participating in both Post-Conference Targeted Learning Sessions A & B.

### B 1:00 to 4:00 p.m. (Registration opens at 12:30 p.m.) **Reduce Your Legal Liability with a Solid Risk Management Strategy**

Joy Jackson  
Risk Manager, City of London

*Public authorities are held to very high standards of care. With constrained budgets and resources, your organization cannot afford the cost exposure to different types of breaches for weak policies and ineffective procedures. Managing your risks of liability and taking pro-active steps to reduce injuries can help to prevent or reduce costly lawsuits. This workshop is designed to give you the tools you need to build, assess and implement a thorough and thoughtful risk management plan.*

- How to identify and understand the risks to which your organization is exposed
- Assessing your current policies and strategies: Are all possible risks covered by the guidelines?
- Practical guidance to create and implement an effective plan to prevent losses and reduce the impact of potential litigation
- Advice to improve staff training to reduce your liability and litigation costs
- Effective record retention policies to preserve the evidence you need to defend claims
- Determining the best ways that technology can assist your staff to become more efficient and to increase their performance
- Strategies to defend claims: How to avoid errors and omissions liabilities arising from document distribution
